REPUBLIC OF **Fritz Hansen®**

This year, Architect Arne Jacobsen, who led the way for Danish design, would have been 100 years old. Arne Jacobsen has enriched The Republic of Fritz Hansen with a range of furniture that has become some of the most recognisable symbols of unique, timeless design of our times.

Via its lightness, choice of material and its touch of minimalism, this combination of Danish design traditions and modern, international functionalism created precise interpretations of our design philosophy. Today, Jacobsen's creations are international design icons.
