#### 4. 4th World Congress on Tall Buildings in Hong Kong, November 5 – 9, 1990

Speakers will be gathering from all over the world to give their thoughts on tall buildings for the 21st Century. Themes and sessions will cover technical, social, economic, esthetic, and other concerns as they relate to the high-rise and urban life.

The first day of the Congress will be set aside for meetings of the Council's various Topical Committees. The remainder of the week will be devoted to theme addresses by noted authorities in the field, and tall building sessions arranged on the following seven areas:

- Planning and Environmental Criteria
- Development and Management
- Systems and Concepts
- Building Services Systems
- Criteria and Loading
- Tall Steel Buildings
- Tall Concrete and Masonry Buildings
