A Word to Wise Swiss Abroad:

Stability is also a gold-mine!

Watch out! With the Solidarity Fund you will find **double stability** for your deposits.

The first concerns the **rate of interest**. It is anchored in the Constitution of the Co-operative, and this means that it remains unaffected by fluctuations of any kind. A member of the Solidarity Fund knows at all times on how much he or she can count.

Secondly, the stability of the **Swiss Franc** on which all calculations are based, ensures long-

term security of any deposit, in fact even increased value. Finally, one must not forget that the capital of the Solidarity Fund is invested with the Confederation.

Take note: Every member of the Co-operative is entitled to lump-sum compensation of case in loss of livelihood due to political events.
