## You do not need to pay such high sickness insurance premiums.

The earlier one enters a sickness insurance scheme, the more favourable the premiums. If you should want to return to your old home in a few years time — either on holiday or for ever — you would have to pay more for an insurance against sickness and accidents than you would have to pay today.

This is the reasoning behind this agreement between the Solidarity Fund for Swiss Abroad and the Swiss Insurance Company Grütli. If you should return to Switzerland for ever, the Grütli would be ready to take you on unconditionally. And this at the premium rate which corresponds to your age now. Which means that year after year you will be a few hundred francs to the good. You have certainly never invested a few francs — which is what this will cost you per month today — as well as you will have done if you can profit from this agreement.
