The Fund on the subject of Health Insurance:

Better first-class medical care with first-class health insurance.

Would you like to lay claim to first-class medical care in Switzerland in the event of sickness, accident or pregnancy? Or consult your own doctor in Switzerland? Or receive treatment at any Swiss public hospital of your choice?

This is no problem if you have taken out an «active» health insurance policy under the Fund/Grütli agreement, which is open to all Swiss citizens resident abroad (up to the age of 60).

But for the time being you might like to restrict yourself to a «dormant» health insurance policy (no limit on age of entry), which you can activate if you return to Switzerland for a holiday or for good. For only a few francs a month, you will save hundreds of francs a year in premiums later on. One golden rule for both types of health insurance: the younger you enter the scheme, the lower the premiums.

And these are by no means all the advantages which you can draw from the Fund.

We would be happy to inform you about insurance to cover loss of livelihood and about the Fund's profitable no-risk savings scheme.
