The key to the world.

This key is attributed to the Emperor Charles V, the first sovereign who could justly claim that the sun never set on his empire. The sun also never sets on Swiss Bank Corporation. We're the most international Swiss bank, with numerous branches and subsidiaries in major cities all over the world. Our key people on site have detailed knowledge about interesting new opportunities in their specific markets. Combined with our networking power, this gives us the know-how to achieve optimum diversification of your investments. Whatever your individual performance orientation – short-term gain or long-term growth – our investment proposals are tailored to fit your personal needs. And they're backed, of course, by an excellent and very personal service.
