## What will you drink to – high yield or minimum risk?

Saving with The Fund, e.g. in the form of a single savings deposit, is not only very secure but extremely profitable – particularly at a low-

interest time like today. Your interest rate is 3,5% net and is free of withholding tax, which means that you would have to obtain a gross return of 5,38% on any other investment for it to be comparable. In addition, in saving with The Fund you have a unique

form of security, since in the event of loss of livelihood abroad due to political events you can claim start-up help of up to Sfr. 100,000 to begin all over again. If you would like to know more about this investment opportunity, which is for Swiss Abroad only, all you have to do is to send us the form below.
