# 50 stamp histories in a single book

Every Swiss postage stamp tells a little bit of history. All the 2007 stamps will appear in a year book, illustrating the variety of Swiss stamps. The year book makes a great idea for a gift.

Once again, another year is drawing to a close, and it was another interesting twelve months for Swiss stamps. Swiss Post issued 50 different stamps, once again offering a wide range of subjects for these miniature works of art. Fifty stamps cover a wide range of topics, histories and backgrounds. All the stamps plus an exclusive vignette will now appear in the Swiss stamp year book. Texts with background information about the individual stamp motifs fill up the pages of the year book and make it an attractive reference work.

## The year book and the hundred franc note

The 2007 year book of Swiss stamps is dedicated entirely to the Swiss National Bank. The bank is celebrating its centenary this year and was honoured with two special stamps from Swiss Post in the spring. Like the two stamps, the year book cover also features the design of Swiss banknotes. The cover shows a section of the hundred franc note and was created by Jörg Zintzmeyer. He also designed the two

National Bank stamps and the current Swiss banknote series. The year book of Swiss stamps also includes many other special features. For instance, Swiss Post issued a stamp commemorating a living person for the first time in its history. Tennis champion Roger Federer was the recipient of this special honour, which generated great interest beyond Switzerland's borders too.

## The year book makes an attractive gift

So you see: as a complete stamp collection, the year book is a sort of Swiss history book for 2007. And is naturally a valuable gift for your friends and relatives.
