NO to the radical termination initiative

On the 27th of September, the SVP's termination initiative will be voted upon. If adopted, it would force Switzerland to end the free movement of persons with the EU.

This would mean both permanent isolation and permanent restriction of our freedom of movement. In addition, the initiative automatically leads to the termination of all Bilateral I agreements without offering any viable alternative. In view of the current economic crisis and the legal situation of the Swiss living abroad in Europe, this is more than irresponsible.
