# Are all airlines the same?

Most airlines  
boast of French  
cuisine, champagne  
and savoir-faire

## but only two are French

the whole thing comes naturally to UTA & Air France.

Flying the world's largest air network naturally has its advantages. For a start, being French takes care of the "joie de vivre": warm genuine French hospitality, a smiling French Welcome Service at every stopover, French gourmet meals and wines, in-flight movies and 7 channel stereophonic sound. Then there's the

advantage of flying in our airliners—the giant DC8 Super 62, the Boeing 727-200, our very French Caravelles and later the supersonic Concorde. Only UTA French Airlines and Air France weave a network of exclusive French delights wherever you fly in the world. Ask your travel agent or UTA.

## News from the Embassy:

The sale of the 1970 First-of-August badges has been under the motto "for the women in the service of the nation" and this year again, an appreciable contribution could be made from New Zealand. The "Schweizerische Bundesfeier-Spende" has expressed its appreciation in a kind letter dated 25th November, 1970, and I would like to add my own thanks as well as the wish that next year the results shall be even better.

Max Corti, Ambassador.
