Christmas Message

from . . .

The President of the Swiss Society

As the year draws to a close, and Christmas approaches once again, I would like to take this opportunity on behalf of the Committee, and myself to just say a few words on this festive occasion.

I trust that all members will join with me at this time, and spare a thought, and a prayer for our less fortunate counterparts in Ethiopia and other parts of the world, who through no fault of their own, unlike us, will not be able to experience these wonderful festivities, such as we have in this land of plenty of ours in New Zealand. With a world energy crisis, too, looming large on the world horizon, I hope that like everyone all Swiss people will do their utmost, and join with the remainder of New Zealand in conserving where possible. These are but two of the primary worries facing the globe at this Christmas and New Year time, but I am sure as in the past with everyone's co-operation these can be overcome. May the Committee and myself then, wish all members a most Happy Christmas, and a New Year that will be for all the best ever yet.

A. K. BINDER,
President.
