FARM

Terry Mason fixed the name plates of the sponsors on to the tables just in time for the Picnic. Thanks Terry.

We had a good attendance for our annual picnic. A special welcome to our visitors from Hamilton, Tokoroa and Switzerland. Hopefully everybody had a good time.

Fidel Good donated a calf to the club. Markus Bühler and Willy Pfenniger and sons Stefan and Thomas offered to prepare and cook it on the spit. They started the fire at 5am and what an excellent job they did! The meat was tender and mouth watering

good and plenty of it. So a big "thank you" goes to Fidel, Markus and Willy. The committee and some of their spouses also worked very hard. It was good to see Peter Schüpbach back after his horrible accident, working hard and preparing a delicious pasta salad with his wife Candy. Doris and Hilda, as always, had a good time running the kitchen. What would we do without them! Our barmen Hans, Fredy R. and Syd sold just about all the drinks they had, due to hot and thirsty weather. Hanna and Tony Manser were serving the food. Marie-Therese, Edi and Peter stepped in wherever their help was needed. Edi organised the "Steinstossen".

ALLE JAHRE WIEDER

On May 5th, the AGM is held again at Oski's Place, 224 Hobson Street at 19.00.

We hope that you surprise us with a big attendance so that the club can make some real democratic decisions and have a discussion about some items that keep nagging you.

Peter Schüpbach volunteered as the only candidate so far to take over Chris Hochueli's job as President. It would be nice to have a good race with a couple of other candidates to give the evening some real excitement.

STOP PRESS - HUT EXTENSION UPDATE - STOP PRESS

Good news folks. The long awaited Swiss Farm Hut extension has started. Early morning on Saturday, 1 April 1995 a few eager guys laid the foundation for the new farm house extension. Hurrah... the great work has finally started. On the two photographs taken by Louis Wallimann you can probably recognise some faces: Tony, Willi, Markus, Förster. Well done guys. This way you will definitely become a big part of the Auckland Swiss Club history book. All interested members are invited to come to the farm next Sunday for a bite and a drink and be part of the "Extension Start-up Party". EGB

SWISS SOCIETY SHOOTING COMPETITION

The Swiss Society shooting competition was held this year at Ardmore. We were guests of the Shooters of Auckland Inc. who went out of their way to make us feel at home.

What a day. It rained constantly, so what!

The shooting ranges, owned by the New Zealand Shooting Federation and built for the 1990 Commonwealth Games, with the fully automatic target transportation (new targets at the touch of a button) are exceptionally well built and meet all international specifications. Also the club facilities are of the highest standards.

The Shooters of Auckland members were very helpful. We received plenty of assistance with the setting up of our targets. A light lunch was offered and, to top it all, even some medals were presented, a gold, silver and bronze for the best man, woman and junior shooter.

The gold went to Terry Mason, the silver to Yvonne Bähler and the bronze to Pfenniger junior.

Pity for the ones who did not turn up, they do not know what they missed. All in all 17 keen shooters with their families faced the bad weather and turned up at the range, far too few for the given opportunity to be used to its fullest.

We wish to thank Brian Patterson, Hans Schramm and everybody who assisted us for their hospitality.

We will try to return the favours by having a rematch at our range in Kaukapakapa on the 21st of May 1995.

We count on you all to turn up on the date and assist us to give our new friends a very warm welcome.

CONGRATULATIONS TO OUR RIFLE MASTER, ROY SPILLMAN

Roy sat and passed with a score of 98% the National Range Officers exams in December 1994.

His marks were the highest reached in the past 5 years. What an achievement.

These exams are of a very high grade of difficulty with a pass request of at least 86%.

Roy, a very busy, self employed person, found the time, energy, guts and will to study (mainly in the late evenings) and pass so successfully these very demanding exams.

He is now a fully qualified and registered Range Officer. Good on you Roy. We are all very proud of your achievements.

WALK AND B-B-Q AT CHARTERIS BAY

Sunday 19 February 1995 was a perfect day to drive from Christchurch to Charteris Bay, approx. 35 km from the city, on the Banks Peninsula.

By about 1 pm everyone had found our bach on Andersons Road, and as it was quite windy, we decided to stay inside for a while, have a drink and a chat. Some families had also brought their lunch, but the idea was to go for a walk and then come back for a B-B-Q. Somehow everyone got very comfortable and chatty, the six children were well entertained by the pool-table and the rough, steep terrain around the bach, and no one was in a rush to go for a hike. So the planned walk was reduced to a half hour wander along the bay. On our return the B-B-Q was rolled on to the front porch and the men got into action. Some sausages got burnt a little - maybe

we need another day like this one to perfect our cooking!

Well, the afternoon was over before we knew it. The 13 adults and 6 children that were there had a wonderful time, and we decided not to wait too long to have another "Walk and B-B-Q" at Charteris Bay.

MAY I INTRODUCE

In this new column we would like to introduce Chch Swiss Club members and something about their life-story. This time round I would like to introduce to you ERNST FREI, a club member now for more than 12 years. Ernst is well

known amongst the local "organic food freaks", and generally the people who like clean, healthy and delicious food. Here is a recent article from "The Press", our local newspaper. It tells you a little more about Ernst and what he is up to:

CANTY FIRM LEADS WAY IN PRODUCE PACKAGING

Swiss-born Ernst Frei has long been a leader in the organic movement in Canterbury, and with his new, branded packaging is leading the way again.

He has one of New Zealand's largest and longest established organic farms (started in 1983) and when he visited Europe last year, Mr Frei studied the marketing of organic produce.

He learned that sales of organic foods in the United Kingdom had increased nearly five-fold in the last five years, and was impressed with the carton-board packaging.

On his return, Mr Frei set out to produce a simple, but effective, card-board tray to display his fresh produce, which includes beans, courgettes, tomatoes, capsicums and sweet corn.

He also produces fruit and free-range eggs on his 12ha organic farm. "The big advantage of the new cardboard package is that you can print on it. For too long consumers have not been able to determine if organic produce was in fact organic. "We can now print that information" Mr Frei said.

European retailers accepted nothing else but bio-degradable packaging, he said. So he decided to join them.

Plastic bags were not good for many vegetables, he added. He sells produce from Wellington to Invercargill, and said the cardboard package, with a foil covering, used between 70-80 percent recycled cardboard.

Please let me know who you would like to be featured here next.

SNIPPETS

*Yvonne CASUTT has recovered well from her quadruple heart-bypass operation in Dunedin late last year. Yvonne is now back at her home and I am sure she would love to hear from you, love a visit, a chat, a thought... Her address: 13 Mary McLean Place, Chch 4, Ph 337-1693.

* Ann HINDMARSH would like to let you know that she is available for private tuition in English. She has a certificate from R.S.A. Cambridge in teaching English as a second language. She is available in the evenings, on Fridays or weekends, and can be contacted at 35 Berry St. Chch 1, Ph. 355-7353 or 379-6738.

* Recently seen and enjoyed tremendously: An exhibition of the works of Swiss photo-journalist Werner Bischof (1916-1954). The exhibition will travel

to Timaru (3 June-16 July), Rotorua (4 Aug-25 Sept. and lastly Palmerston North (6 Oct.-26 Nov.). If you get a chance go and see it!

*Recently (partly) seen and found absolutely disgusting: an American version of "Heidi" on TV3. I was (again) appalled at how the American movie industry manages, deliberately I presume, to distort this lovely European children's tale into pure "kitsch", full of selfish, unfeeling and materialistic people, with a very American view of the world. I found the ignorance of the movie makers shocking to say the least, as they seem to have totally ignored local customs, style of clothes, houses, language, the way local people think, etc, etc. and Johanna Spyri's book, presumably to make the film palatable, and not too taxing for the average American couch potato - a subtle, but just as dangerous form of "Ethnic Cleansing"?

Why on earth is it that TVNZ keeps showing such cheap, usually American junk, when there are good quality original works about?

* Added to our list of club resources recently: A book of "The History of the CHAMBERLAIN FAMILY of Taranaki", by Noeline Shaw. If you would like to borrow it please give me a call.

* We are also regularly getting cassette tapes from Swiss Radio International on Swiss referenda or elections (in French and German) - if you would like to listen to them give me a call.

* Swiss Rail Christchurch is a local club of the Swiss Railways Society. The club invites all Swiss Club members to their regular presentations, at the Saint Pauls Lutheran Church (Northcote Expressway/Burwood Rd roundabout), at 7.30pm. The next one is on Tuesday, 9 May, when Mr. Tas Scott will talk, and show slides and video of his recent trip to Switzerland.

I am looking forward to seeing many of you at our AGM on the 1st of May.

Regards, Jürg Hönger.

HAMILTON SWISS CLUB

This year's picnic was again another success with an excellent turnout of members and friends. Thanks must go to Mrs. Villiger for the use of her farm for our annual picnic. It was great to see so many young families attending the picnic. Games and a lolly scramble had been organised for the children which were especially appreciated by the youngest members of our club.

Thank you to Walter Zuber and Peter Rust who donated a cup for the highest shotput score which was won this year by Nick Brunner. Congratula-

tions goes to Walter Zuber who won the shooting cup. The ladies' teapot and overall cup for bowling was won by Jennifer Bosch. The enthusiasm for participating in the medal and cup competitions was great to see and we hope to see a large number of our members receiving medals for their efforts.

Again the club could not function without the help of volunteers in the setting up of the marquee and bowling lanes, the help on the various events and stands, especially by younger members of the club and, of course, we always appreciate the home made baking. We hope to see you all at our next function.

PICNIC AT BAUMGARTEN

The threat of rain did little to dampen the spirits of the large crowd that gathered for the annual Swiss picnic at Baumgarten Lodge, Tauranga, on February 12.

More than 70 Swiss, families and friends, arrived from Whangamata, Tokoroa, Rotorua, Hamilton, Matamata and the greater Tauranga area to join in the fun and games around the pool at Colleen and Henri Limacher's orchard property in Oropi Road.

Pétanque was a popular drawcard, but the highlight was undoubtedly the official opening of the newly constructed Kegelbahn! Congratulations to Tauranga's first Kegel King: Willie Rudolf!

Appetites were teased by the tantalising aroma of bratwurst and garlic frankfurters sizzling on the barbecues as colourful salads appeared, followed by kiwi-style pavlovas and fruit salad.

The music, the happy crowd, good food and a carnival atmosphere made it a picnic to remember.

TARANAKI SWISS CLUB

REPORT ON BUS-TRIP TO WELLINGTON TO

THE COWBELL COMPETITION (25/26 FEBRUARY 1995)

Early in the morning of the 25 February we left Taranaki and headed for Wellington. We were 30 people on the bus and 4 of our members were already down there to join us for the competitions.

We had our usual pit-stop in Wanganui for morning tea, etc. Before we arrived at our motel, we made a second stop to invest some money in Lotto! which later on turned out to be a complete waste of time.

After having sorted out our accommodation, we travelled to the Swiss Club House where we arrived about 1 hour late, according to plan and the B.B.Q. was well underway.

After lunch our shooting team got taken out to the Withmans Valley for the shooting competition while the rest of the group started with Jassen, Steinstossen and Kegeln (see results of competition under Wellington Swiss Club News).

The evening started out with a lovely Pot-Luck Dinner. After dinner we were entertained with "löpfiger" Swiss music and singing and Ruedi Benkert organised a few party games. Thanks to Marianne, Leo, Peter and Ruedi for making the evening a really enjoyable one. It went by far too quickly for some. Some even missed the bus, to go to the motel.

Next morning at 9am we all gathered at the Clubhouse again and had a wholesome Swiss breakfast. Afterwards we went for a drive around the Wellington harbour. Maya Beddie-Geiser was our tour-guide. Many thanks to Maya for a job well done. For lunch we called in at the Swiss Chalet Restaurant where Monika and Peter Canziani had prepared a marvellous smorgasbord lunch, especially for us. They deserved top marks for their effort.

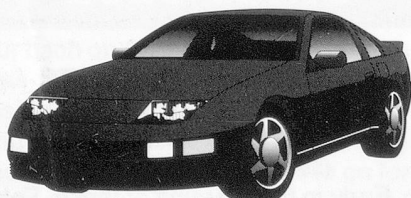

After dessert and a nice cuppa, we boarded our bus about 2.00 o'clock and started heading back home again.

When we arrived back in Taranaki about 7.00 pm everyone was tired from the long journey but happy for having enjoyed a great weekend out.

We would all like to thank our friends in Wellington for their hospitality and we are looking forward to seeing you all again in June, when we organise another bus trip to Wellington.

Kind regards. *W. Seifert.*

OBITUARY

THERESA JOAN KURIGER

1931-1994

Theresa was born and raised in Inglewood, a daughter of Louis and Mavis Butler. Following her marriage in 1954 to Con Kuriger, they lived and worked on their farm in Oaonui for 31 years, together raising a family of nine children. During this time Theresa was involved in W.D.F.F. Catholic Women's League and supported all school activities. She also enjoyed indoor bowls. In 1985 Theresa retired to Opunake. Along with her husband Con, they enjoyed many holidays in New Zealand and overseas. Theresa thoroughly enjoyed spending time with her family and friends. She is survived by her husband, nine children and 19 grandchildren. To the family we offer our sympathy in their sad loss.

WELLINGTON SWISS CLUB

I must apologise to all members and friends for missing the Helvetia "Deadline" for the February issue. There is of course no such thing as "No news from the Club". Maya is always busy organising the monthly walks and below is her report (received in December) from our November excursion.

OUR NOVEMBER WALK - A LESSON IN FIRST AID!

We all know that an invigorating walk and an abundance of fresh, clean air are ideal for our vitality and energy. So we took our cars and parked them in Plimmerton and took the train to Pukerua Bay, where we started our 4½ hour long walk along the Wairaka Coast Walkway. (Did you know that N.Z. Rail does not allow any dogs on the train?). It was a most enjoyable tramp, splendid views of the South Island, the weather warm but not too hot. But suddenly, Sascha, one of our dogs collapsed, and we were all in shock! We realised that the sand and hard rocks had peeled all the skin

of his paws! After giving him Arnica 30c tablets, we bandaged his paws and some of the strong young men carried him for a few kilometres. Finally that was too much, so some of the trampers took their own socks off and gave them to Sascha, who then hobbled happily back to Plimmerton. We all had an interesting, adventurous time.

SPREADING THE NEWS

Swiss Radio International has updated its world service. Radio broadcasting by satellite has opened up enormous potential for reaching audiences worldwide with absolute clarity, something that is often not possible with shortwave transmissions. To maintain its prestige abroad, Swiss Radio International (SRI) is therefore extending its French, English, German and Italian language satellite transmissions to provide a 24-hour round-the-clock world service.

While satellite channels will probably supersede shortwave broadcasting completely in the long term, this is unlikely in the near future, particularly with regard to developing countries where cable networks or private ownership of satellite dishes are still impracticable for economic reasons.

Consequently, SRI made a conservative estimate that the future for shortwave transmissions must still be assured for at least ten years in Europe and fifteen elsewhere. SRI will, therefore, be continuing with its existing shortwave services for the foreseeable future.

The main "vector" of SRI's world service is the English language channel, described as a 'truly international service aimed at listeners who have English as their mother tongue or use it as a foreign language'.

Throughout the day and night, programmes are continuous with 30 minute slots of news and current affairs frequently updated, plus in-depth reporting and features on every aspect of Swiss matters relating to the rest of the world.

The French language channel is aimed mainly at a French speaking audience in Europe and Africa and partially at other French speaking areas outside these priority regions. Particular attention is given to listeners who do not have access to reliable information in their own countries. Again, emphasis is on Swiss themes and international information with a Swiss connection.

The German language channel will be directed mainly at Swiss people living abroad as well as at the German speaking countries of Europe. In-depth features will place a clear emphasis on Switzerland and its relationship with the rest of the world.

The Italian language channel will reflect its unique position in the international radio market. SRI points out that this will be the only international radio service to distribute Italian language programmes on a worldwide basis. Alongside Italian speaking Swiss people living abroad, this channel's priority will be to focus on listeners in Italy with an interest in Switzerland, plus Italian immigrants anywhere in the world who share this interest.

French programmes can be found on EUTELSAT II-F1, 13 East, TV channel TV5, audio frequency 7.74 MHz. English: on ASTRA, 19.2 East, TV, Teleclub, audio frequency 7.56 MHz. German will be found on ASTRA. Italian on EUTELSAT. For SRI's information service Tel. (0041) 31 350 9222 or Fax (0041) 31 350 9544.

CONGRATULATIONS

Congratulations and best wishes to Christine (née Staudenmann) and Murray Hughes who were married on 5 March 1995 at St Christophers Church in Tawa. We wish them both every happiness for the future.

Christine's family came all the way from Switzerland and her sister and husband presented the newlyweds with a beautiful cowbell as a wedding present (see photo).
