PETITION FOR INQUIRY INTO OVERSEAS PENSION DEDUCTIONS

To the House of Representatives of New Zealand: -
We, the undersigned, respectfully request:

That, due to the widespread dissatisfaction among people affected by Section 70 of the Social Security Act 1964, providing for direct deductions from New Zealand Superannuation and other social security entitlements as a consequence of their receiving pensions administered by foreign governments, the House of Representatives convene a Select Committee Inquiry to inquire into the appropriateness of the legislation and administration applying to such direct deductions.

OVERWORKED!!!

For a couple years I've been blaming it on lack of sleep, not enough sunshine, and too much pressure from my job, ear waxbuild-up, poor blood or anything else I could think of. Now I've found out the real reason I'm tired -- because I'm overworked.

Here's why:

The population of New Zealand is about 4 million. 1.4 million are retired, that leaves 2.6 million to do the work. There are 0.5 million in school, which leaves 2.1 million to do the work. Of this there are 1.2 million directly employed by the government, leaving 0.9 million to do the work. 0.25 million are in the combined armed forces, preoccupied with cleaning their rifles, which leaves 0.65 million to do the work. Take from that total the 0.35 million people who work for Provincial and City Governments, and that leaves 0.3 million to do the work.

At any given time, there are 76,000 people in hospitals, leaving 224,000 to do the work. Now, there are 11,998 people in prisons or awaiting sentence and 212,000 on Employment Insurance and Welfare.

That leaves just two people to do the work. You and Me.

And there you are sitting in your chair, at your computer, reading jokes!!!
Nice. Real Nicelll

Regards
Marianne
