**Kids' Corner** by Rosa Wallace

*Did you Know...*

- ☞ Humans can hear the difference between hot and cold water being poured?
- ☞ An owl's eyes are bigger than its brain.
- ☞ 15 percentage of the world population are left-handed
- ☞ You cannot fold a paper more than seven times. Try it!
- ☞ Australia is the only continent in the world that has no active volcanoes.

Connect the dots 1-17, then colour in what the picture shows ...

**Brain Teasers; Hidden Meanings!** Each of these pictures has a hidden meaning.. What is it?

Look in all directions- up, down, diagonal, and across to find the picture above in the same order below.

**How to make slime !**

(Kids, ask you parents for help!)

**You will need:**

- 1.5 cups of water
- 2 cups of cornflour
- Few drops of food colouring

**Method:**

1. Put the corn flour in a bowl.
2. Stir in small amounts of water until you get a thick paste (may not need all the water).
3. Add food colouring.
4. Stir your slime REALLY slowly. This shouldn't be hard to do.
5. Stir your slime REALLY fast. This should be almost impossible!
6. Try punching your slime hard, it should feel like you're punching a solid object.
