

# **Tectonic and Petrographic Map of the Central Lepontine Alps (1:100'000). Carta geologica speciale N. 127. (Swiss topographic map sheet 43 Sopra Ceneri). Federal Office of Topography swisstopo, Wabern**

Autor(en): **Berger, A. / Mercolli, I.**

Objektyp: **Appendix**

Zeitschrift: **Schweizerische mineralogische und petrographische Mitteilungen  
= Bulletin suisse de minéralogie et pétrographie**

Band (Jahr): **85 (2005)**

Heft 2-3: **Central Alps**

PDF erstellt am: **21.07.2024**

## **Nutzungsbedingungen**
