MITTEILUNG DER REDAKTION

Das Redaktionskomitee hat beschlossen, eine neue Rubrik in der Zeitschrift zu schaffen, nämlich Veröffentlichung von – wenn möglich kommentierten – Fachbibliographien, die den Stand der Forschung und der neueren Publikationen auf bestimmten Gebieten darlegen. Unser Ziel ist es, dem Leser ein Arbeitsinstrument zur Verfügung zu stellen, welches von verschiedenen Gesichtspunkten aus gesehen zweifellos nützlich ist. Das Komitee will somit die Möglichkeit bieten, Forschern, Lehrern und Praktikern systematisch zusammengestellte Bibliographien zu vermitteln, welche für verschiedene Zwecke erstellt wurden, z.B. Vorbereitungsphase eines Forschungsprojektes oder als Grundlage für Lehre und Ausbildung. Wir wenden uns deshalb an alle, die auf diese Art die gegenseitige Information auf dem Gebiete der Soziologie fördern können.

Das Redaktionskomitee

NOTE DE LA RÉDACTION

Le comité de rédaction a décidé d'ouvrir une nouvelle rubrique dans la Revue: la publication de bibliographies spécialisées et, si possible, commentées qui font état des recherches et des publications récentes dans des domaines spécifiques. Notre but est de mettre ainsi à la disposition des lecteurs un instrument de travail dont l'utilité est incontestée à tous les points de vue. Le comité veut donc offrir l'occasion de communiquer aux chercheurs, enseignants et praticiens des références bibliographiques constituées systématiquement pour divers objectifs, par exemple pendant la phase préparatoire d'un projet de recherche ou d'un enseignement. Nous faisons donc appel à tous ceux qui, par ce canal, peuvent favoriser l'information réciproque dans le champ sociologique.

Le Comité de Rédaction

EDITOR'S NOTE

The editorial committee has decided to include a new section in the Journal: the publication of specialised, if possible commented, bibliographies about research projects and recent publications in specific fields. Our aim is to give our readers a tool of unquestionable usefulness. Thus, the committee hopes to make available to research workers, teaching staff and workers in the field, bibliographical references, systematically assembled for specific subject areas, e.g. about the preparatory phase of a research or teaching project. We thus appeal to all those who, by these means, could promote an interchange of information in the sociological disciplines.
