LOCAL.

ZURICH.

Returning from a shopping expedition, Mrs. Barth-Hurter found the front door locked; in spite of incessant ringing and knocking she received no answer, although she knew that her husband and four children were occupying the house. A neighbour was fetched, who managed by means of a ladder to enter the house, where a terrible sight met him. In one of the bedrooms three children were dead in one bed, whilst in another room a fourth child was found dead on the floor and next to him lay the man, also dead, with a revolver between his legs. All the children were shot through the head. Of the four children, two belong to the couple Barth, whilst the two others belong to the mechanic Ringger-Hurter from Zurich. They were spending their holiday with their relations. A preliminary investigation has shown, that this terrible deed was committed in a fit of lunacy, as the man Barth had been previously treated for mental disorders.

TICINO.

There has been a certain amount of activity in communal politics in Lugano, of recent months. A couple of months ago a Referendum was asked for, and voted upon, concerning the re-paving of the main square, in front of the municipal building. After projects and counter-projects had been studied, the Municipal Council decided to have the work done in small stone blocks, as being best in keeping with the atmosphere of the place. The popular vote decided however, in favour of asphalt.

Recently, the Municipal Council accepted a project for the establishment of public Hot Baths, but a movement is now on foot with the object of upsetting this decision; through a Referendum.

MILITARY MANOEUVRES.

The 5th Division, to which the Regiment of the Ticino belongs, will hold its field exercises from the 14th to the 25th of September next, in the region of Bielach.
