Owing to the crisis in Rumania, a great number of Swiss, some of whom have lived for a great number of years in Rumania have been asked by the authorities to leave the country in the near future. Another terrible railway accident occurred a little before six o'clock last Saturday evening, when four people were killed and 20 injured. The accident was caused by a fast train from Zurich to Uster-Rapperswil, coming into collision just outside the station of Oerlikon during a thick fog. There was a terrific impact between the steam locomotive and the electric engine of the train. The locomotive driver managed to jump clear, but the forman had his lear nimed in the wreck.

The signalinan has been arrested. Till this past week Switzerland had enjoyed a long immunity from serious railway accidents, mainly owing to the efficient supervision exercised over the whole system. The following have been killed : Hans Keller, teacher, Hinwil, Major A. Schneiter, Wallisellen, Nyfenegger, stoker, Zurich and H. Oberholzer, Bäretswil.

The representatives of Group 1 in the Chal-lenge National again scored over their rivals in Group 2 by recording 4 wins against 2, giving them at the halfway stage a lead of 41 points to 21, ignoring the abandoned game.

In the First League Challenge the two groups East and West as illustrated by the points so far gained, 24 each, are more evenly balanced. A contributing cause no doubt is the way in which the opponents are selected. There will be but five matches for each of the 9 clubs; those with the the opponents are selected. There will be but five matches for each of the 9 clubs; those with the same number of points in the Challenge, play next against each other, drawn by lot, venue according to arrangement between the clubs. In the Chal-lenge National on the other hand, each club of one group plays all of the other and the games are fixed long since. Where they will play is also left to the Clubs to arrange, to their best advantage. After all, this new competition was started in order to facilitate matters for the various clubs to get attractive and unusual fixtures, with the ultimate aim of better cash-balances. Wether it has proved a success it would be early to say. Yet in the First League attendances have been really poor. Two weeks ago in Bern (v. St. Gallen) about 500, ditto in Lausanne (Racing v Seebach) 700 in Neuclâtel (Cantonal v Winter-thur) and the best : 800 spectators in St. Gall (Brühl v Montreux)! Well, if you want the truth, I myself cannot get really warm and interested in this new fangled competition. At any rate, we shall now have a rest until January Sth and so to all my readers my thanks for bearing with me and my best wishes for all the Festive Seaso.. *M.G.*

CHRISTMAS THOUGHTS

Once again Christmas is close at hand and to numerous hearts it will bring a brief season of happiness and enjoyment. How many families, whose members have been dispersed and scattered far and wide, in the restless strugles of life, will be reunited and meet once again in that happy state of companionship and mutual good-will!

state of companionship and mutual good-will! The passing year has alas, to many of our compatriots been a trying one, the cares and sorrows of the world have laid heavily on many shoulders, and many of the hearts that throbbed so gaily twelve months ago, have ceased to beat, many of the looks that shone so brightly then, have ceased to glow, the hands we grasped have grown cold, the eyes we sought have hidden their lustre in the grave. How many old recollections, and how many dormant sympathies, does Christ-mas time awaken!

Happy Christmas that can win us back to the delusion of our childhood days, that can transport our thoughts, hundreds of miles away, back to our dear ones, back to the land of our birth.

God grant, that the coming year will be for all of us a year blessed with peace amongst all nations, a year of striving to lessen the hardships under which a tired world is labouring. May the silver lining for which we so often have gazed heavenwards, appear and shed its light over the darkness in which we have tumbled during the last few months. Let courage and an urgatening few months. Let courage and an unfaltering determination to win through in spite of heavy odds be our Motto for 1933.

In the towns, villages and hamlets of our homeland, the bells will ring on Christmas day, spreading the glad message of goodwill amongst mankind; their sound will pierce the Alps and ride on the ocean waves and will bring to everyone of us the greetings of our country. Let us spread this inspired message, coupled with the best wishes for the land of our adoption which has accorded to us a generous hospitality and to many of us a second höme. of us a second home.
