STEEL PARTITIONING

An interior that is planned for efficiency now will rarely remain the best possible arrangement for very long. Expansion and re-organisation demand a fluid layout that can be adapted and constantly re-arranged to give one hundred per cent efficiency at all times. Acrow Steel Partitioning offers you this. It can be dismantled and erected again and again at no more than labour cost: every unit is re-usable. It compares favourably with breeze-brick walls in initial material cost and shows a heavy saving in initial erection time and labour costs.

Full details are readily available on request. Please write for our illustrated brochure SSP.
