Federal

The Swiss Government has agreed in principle to a plan for equipping its Army with nuclear weapons. The Federal Military Department is to report on the cost and type of equipment. This, however, does not mean that Switzerland intends making her own atomic weapons or entering the international market as a buyer. The Swiss Government will nevertheless continue to foster any efforts made with a view to reaching a general agreement on the suppression of atomic weapons.

* * *

The Federal Council has forbidden the holding of an international congress on nuclear weapons which was to have taken place at Basle on 5th and 6th July. The congress was sponsored by the German "Komitee gegen Atomrüstung", a Communist organisation. Earl Russell, president of the campaign for nuclear disarmament, has issued an open letter to the President of the Swiss Confederation questioning the grounds on which the Swiss Government has forbidden the holding of the congress. As the Federal Government never replies to open letters, the message from Bertrand Russell was left unanswered.

Mr. A. Dietrich, landscape painter, of Berlingen, who died in June of last year, has left 8,200.—francs to the commune of Berlingen for the purpose of assisting poor people. [A.T.S.]

TRAFFIC ACCIDENTS.

For some time we have reported the ever-increasing and alarming motoring accidents in Switzerland causing heavy loss of life.

In the issue of the "Daily Telegraph" of July 5th, "Peterborough" writes under the column "London Day by Day" as follows:

Worst Drivers in Europe.

"Are the Belgians the worst drivers in Europe, as is popularly believed? Or does the palm go to the Swiss?"

"That it now should be the view I have heard fairly often lately. Certainly Switzerland is the only country in which I have ever been overtaken on the inside on a blind corner."

"Yet Switzerland, unlike Belgium, imposes driving tests. Perhaps madness at the wheel is a reaction from the country's general saneness."

A motor-cyclist who had been deprived of his driving licence crashed at Birsfelden owing to excessive speed. His passenger, Mrs. Doris Bannier-Stutz (21), of Oerlikon, was killed. The driver has been arrested.

The Court of Geneva has sentenced a motorist who, when driving while under the influence of alcohol, caused the death of another motorist, to two and a-half years' imprisonment. The delinquent had been on previous occasions charged with the identical offence.

A motor-car, in overtaking, collided with an oncoming car, the driver of which, Fredi Suter, of Dintikon (Ct. Aargau), received fatal injuries.

A motor-cycle driven by Hanspeter Wegmüller (18), of Birmenstorf, collided with a demarcation stone on the Bözberg. He and his passenger, Hans Lüthi (22), of Brugg, were killed.
