ST. GALL — "OLMA"

"OLMA", as the annual Eastern Swiss Agricultural Fair is called — open from 7th to 17th October, 1965 — will be the centre of attraction for farmers and business enterprises catering for the farmers' market. For the first time ever, France will be represented with an official pavilion featuring a restaurant serving French specialities, and various booths selling French foods and delicacies.

BASLE — INTERNATIONAL CATERING EXHIBITION

The first International Catering Exhibition will be held at Basle from 17th to 22nd November, 1965. The scope of the exhibition will embrace not only all types of plant and equipment for catering, from food storage to cooking facilities and canteens and restaurants, etc., but also foodstuffs and beverages. The concurrent "Food Week" Congress will provide an opportunity for leading scientists in the field of nutrition to present their specialised subjects with particular reference to the problems of large-scale catering.

A most unusual view

Take a look through the reflex viewfinder of the Bolex P4. You've probably never seen anything quite like it. The double image, superimposed when the camera is focussed, extends *right over the field of view*. Inevitably, you focus more accurately, more quickly. Just one of the many things about this great camera that means *better films*. Just one of the many good reasons for paying £109. 19. 6. to own it.

The best. **BOLEX**
