**A statement by Mr. W.A. de Vigier, C.B.E.,
Chairman of the Acrow Group.**

It gives me great pleasure to be able to announce record turnover, exports and profits for the 32nd consecutive year.

Your Company's profits are £13,141,000 compared with £10,729,000—an increase of 22.48%.

Exports continue to grow and in the year under review amounted to £87,100,000—62.62% of the turnover of our U.K. Companies, an increase of 28.63%.

This year we are welcoming to the

United Kingdom over 1,000 delegates from no less than 82 countries to the 1978 Acrow World Convention. This will stimulate further our future export business.

All Acrow Companies are fully set on expansion programmes and in continuing to modernise and extend capacity. Research in the Acrow R. & D. Centres continues to provide back-up for all aspects of our business with special emphasis on the improvement of existing and the development of new products, a number of which will be on show at our 1978 World Convention.

The outstanding achievements referred to above would not be possible without people of the right quality and devotion to plan them and carry them through. I would like to thank all my fellow workers throughout the Group for their continued contribution to our success.
