# Take a turn at the Swiss Roll

**ANSWERS** to the clues should be entered with the first letter in the numbered space indicated by the clue number and then proceeding outwards.

Words overlap by one or more letters so that the final letter or letters of one word is the beginning

of the next word.

If your solution is correct you will find that, hidden somewhere in the REVERSE reading, are the names of four Swiss cantons.

What are they?

## CLUES

- |                                                                           |                                                                                                     |
|---------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------|
| 1. Concealed, secret                                                      | 46. Artist's studio                                                                                 |
| 6. Small cylindrical saw used by a surgeon                                | 51. Errors in printing listed at the end of a book                                                  |
| 9. Sudden fright                                                          | 55. S. American thick-skinned animal with a short flexible proboscis                                |
| 13. Cowardly                                                              | 59. Rustic                                                                                          |
| 18. The title of the kings of old Abyssinia                               | 62. Human or animal with white hair and pink eyes                                                   |
| 20. Zest                                                                  | 64. Field-glasses                                                                                   |
| 23. Pick-me-up                                                            | 71. Magazine of naval or military stores — or English football club                                 |
| 27. Fruit akin to the lemon                                               | 76. In days gone by he tried to turn base metals into gold and tried to discover the elixir of life |
| 30. Musical composition in which the first part is repeated several times |                                                                                                     |
| 33. The chief magistrate in republican Venice                             |                                                                                                     |
| 35. Kind, style                                                           |                                                                                                     |
| 38. Till again                                                            |                                                                                                     |

Answer to last month's puzzle: *Brigue, St. Luc, Linthal.*
