## All with Swissair.

Every day, Swissair operates nine flights from London and Manchester direct to Switzerland. More than any other airline.

All flights from London to Geneva and Zurich are by DC9-81s, the most advanced short-haul jets flying in Europe.

On every flight, there's a choice of First Class and a wide variety of Economy Class fares, with the same excellent standards of Swissair service.

Which means that whatever the fare, every passenger can look forward to a comfortable seat, a tasty meal or snack and a complimentary drink during the flight.

And transit passengers travelling on to any of our 97 worldwide destinations will also benefit from the famous Swiss efficiency at Zurich or Geneva, two of the most up-to-date airports in Europe.

No wonder Swissair was voted best airline in both the Business Traveller survey and the IAPA members' survey.

It all goes to prove that there is only one way to get to Switzerland.
