# STEAM FESTIVAL UNTERVAZ - 2006

On 28th and 29th October last year some 18,000 enthusiasts made their way to Untervaz, between Chur and Landquart in the Grisons, where Historic RhB organised a 100th birthday party for two of their preserved locomotives, G 4/5 Nos. 107 & 108. The event took place on the dual-

gauge line that runs between Untervaz station and the Holcim Zement plant (see June 2006 Swiss Express).

An unplanned event was the derailment of visiting FO loco HG 4/4 No. 4. This blocked the main standard gauge line through the station for around two hours.
