And finally... The Bernina Monster

Experience something unique to Switzerland

Bernina-Hospiz

ABOVE: A view of our steam-powered snowplough, 'The Bernina Monster'.

BELOW: The snowplough.

The Rhätische Bahn's steam powered snowplough is the world's only one still in operation. The 60-ton monster is over one hundred years old and the 3-ton rotating blade has no problem in casting the snow aside. It has even been known to free the track of rocks and whole trees! Our friends at the STC are offering SRS Members the opportunity to get close to the action with a 3-night package including the snowplough excursion in February 2018. The 5% Swiss Railway Society discount can be applied to this package. Places are very limited and available on a first come, first served basis. For more information visit www.switzerland-travelcentre.co.uk/tours/berninamonster or call STC on 0207 420 4934.
