Join Us in Vienna in 1997 Where East Meets West!

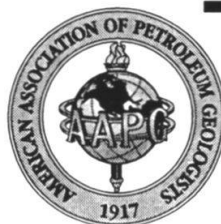

JOIN US IN THE CITY OF WALTZ in September, where "East Meets West," for the 1997 AAPG International Conference and Exhibition. Our theme was established in recognition of the opening of the Central European and Eastern Countries (CEEC) and the CIS, as well as the importance of western technology to these countries and the business opportunities for both.

In addition to an excellent technical program, the Vienna conference will feature a variety of short courses on subjects ranging from sequence stratigraphy to tectonic modeling, as well as pre- and post-conference field trips throughout Austria and into Eastern Europe.

It's very easy to mix business with pleasure in Vienna. Professional attendees, spouses and guests will enjoy the city's wonderful hospitality and charm. You can trace a rich

aristocratic past or explore pubs revived in a fresh, new style. Or you can familiarize yourself with the easy-going and jovial Viennese people. Pick the most brilliant and most alluring facet of an amazing cultural variety, or simply savor life in the pastry shops, boutiques, wine bars, and antique shops of a city dedicated to refined pleasures. Take the time and get to know this city and its people before or after the conference!

For more information on the conference, contact the AAPG convention department at one of the numbers below.
